> DR. A. TRASK'S FOR THE CURE OF

INFLAMMATORY DISEASES. Dr. Trank was engaged for twenty years in a course of experiments apon the medical properties and power of vegetables, separate and combined. At the age of seventy years he exceeded in presenting to the world, as the result of his experiments, a combination of Vegetable extracts, the power of which in removing diseases is mequaled in the annels of Medicine. His discovery comists in a combination of these powerful Vegetable Extracts with Electricity or Magnetism in the form of an Ointment. Certain, it is, that the remarkable and unprecedented success which has attended it application in the cure of diseases, stamps it once as the greatest discovery of the age, as calls for a trial and close investigation of it troperties.

calls for a trial and close investigation of its properties.

It never fails, while there remains sufficient life to restore a natural and healthy action to the capillary vessels of the bedy, and equaline the circulation of the blood. By this means a controlling power is gained over the most malignant forms of disease, which cannot be obtained from any other remedy.

Such is the power of this combination, it is the power of this combination, that it penetrales to every portion of the human frame; every bone and muscle, vein, nerve and ligament is scarched out and made sensible of its purifying and healing influence. Hence it copes as readily with internal as extend disease.

Numarrons, instances are on record when this remedy his restored health to patients so near the grave that the most powerful internal remedies failed to produce any effect. Such has frequently been the case in Inflammation of the Bowels.

No patient ever need die with this LARGE AND SUPERIOR disco in every particular, and will be sold cheap this Ginlment is the most complete remedy ever prepared. For Diphtheria or Putrid Sore Throat it is unrivaled.
